

Engineering Change Request

Part Name	40ST/SS Series、TS Series、24HST Series、VP2019、 VP6019、VP8019
Change Reasons	Mechanism Improvement

All Valued Customers,

In order to improve the process of internal & external PIN with Pb free of products of 40ST/SS Series、TS Series、24HST Series、VP2019、VP6019 and VP8019. We suggest change the products of 40ST/SS Series、TS Series、24HST Series、VP2019、VP6019 and VP8019 from Molding type to Semi-open frame with halogen free.

The modified P/N are as below:

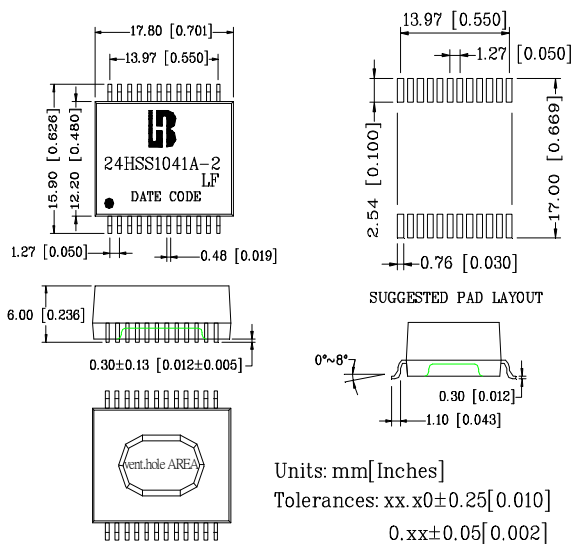

- | | | | |
|-----------------|----------------|--------------|-----------|
| 01、40ST Series | 02、40SS Series | 03、TS Series | |
| 04、24HST Series | 05、VP2019 | 06、VP6019 | 07、VP8019 |

About the Part Name:

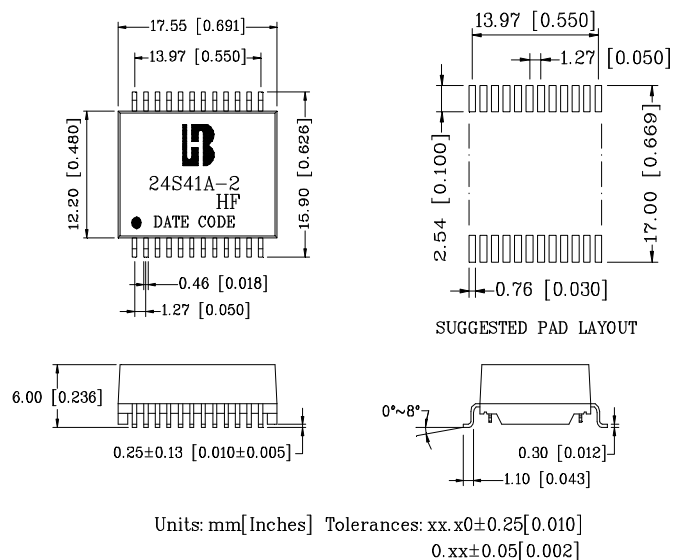

- 01、 The part name of TS8121C LF will be change to TS21C HF, "81" is omitted, and HF is on behalf of Halogen Free.
- 02、 The part name of other parts will be just change to "LF" to" HF ", Such as 40SS1041AXLF ---> 40SS1041AX HF , VP8019LF-->VP8019HF

The following Pictures for your reference:

24HST Series Molding Type

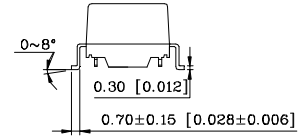

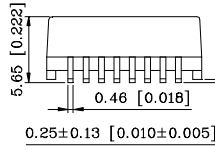

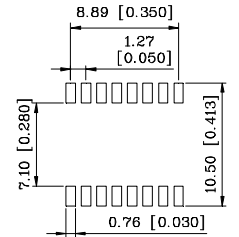

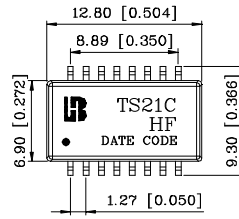

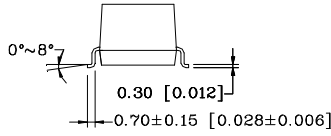

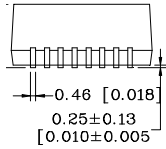

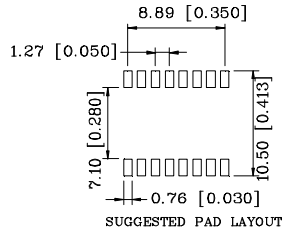

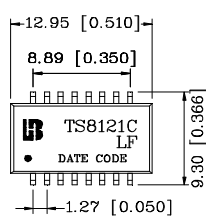

24HST Series Semi-open frame Type

TS Series Molding Type

TS/VP2019/VP6019/VP8019 Series Semi-open frame Type

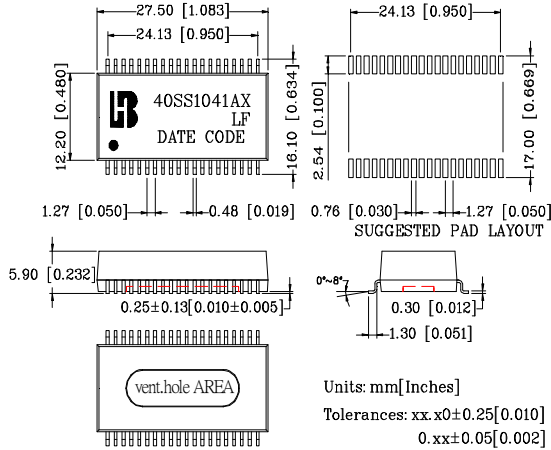

Units: mm[Inches] Tolerances: xx.x0±0.25[0.010]
0.xx±0.05[0.002]

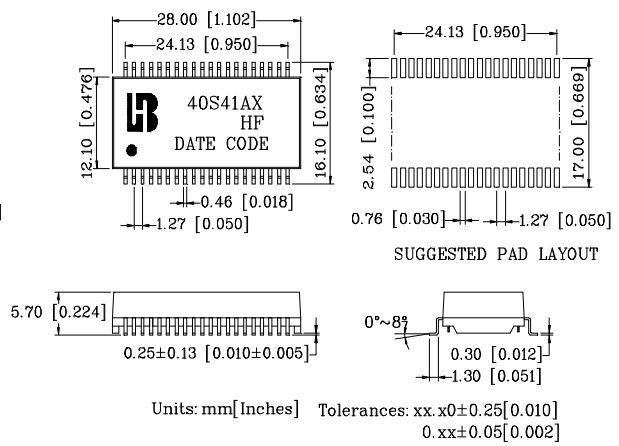

Units: mm[Inches] Tolerances: xx.x0±0.25[0.010]
0.xx±0.05[0.002]

40SS/ST Series Molding Type

40SS/ST Series Semi-open frame Type

Units: mm[Inches]
Tolerances: xx.x0±0.25[0.010]
0.xx±0.05[0.002]

Units: mm[Inches] Tolerances: xx.x0±0.25[0.010]
0.xx±0.05[0.002]

Hope can get your highly support for this change.

Thank you!
